

# VYBE

## A Mood-Based Music Streaming App

# Crafting Emotional Soundscapes

VYBE is a pioneering music streaming application designed to intuitively connect users with music that resonates with their current emotional state. Our goal is to transform the music discovery experience by making mood the primary filter, moving beyond traditional genre-based searches.

## Intuitive Matching

Seamlessly find tracks that align with your feelings.

## Personalized Experience

Tailor your audio journey based on your emotional landscape.

## Effortless Discovery

Eliminate decision fatigue with mood-driven recommendations.

## THE CHALLENGE

# The Frustration of Music Discovery

## → Mood Mismatch

Users often struggle to find music that genuinely matches their current mood or activity.

## → Inefficient Search

Traditional search methods (genre, artist) don't cater to emotional listening needs.

## → Content Overload

Existing musicapps can feel overwhelming with endless options, leading to choice paralysis.

## → Lack of Personalization

Generic recommendations fail to capture the nuanced emotional journey of a listener.

OUR SOLUTION

# VYBE: Your Emotional Music Companion

VYBE revolutionizes music listening by putting your mood at the forefront.

Our app offers an intuitive, streamlined approach to finding the perfect soundtrack for every moment.

## Mood-Based Selection

Directly choose your current emotion to curate your playlist.

## Simplified Interface

A clean, focused design eliminates clutter and distractions.

## Dynamic Customization

UI elements adapt visually to reflect the chosen mood.

Made with **GAMMA**

# Emotion Selection: Setting Your Vibe

The heart of VYBE lies in its unique emotion selection screen, allowing users to effortlessly personalize their music experience with a tap.

- **Expressive Icons**

Visually distinct icons represent a spectrum of emotions.

- **Intuitive Interaction**

Select a mood with a simple tap, instantly transforming your listening.

- **Dynamic Color Palette**

Accent colors shift to visually reinforce the chosen emotional state.

# Dynamic Home Screen: Reflecting Your Mood

VYBE's home screen isn't static; it's a living canvas that adapts to your chosen emotion, providing an immersive and relevant experience.

## Happy Mood

Upbeat colors and joyous track suggestions.

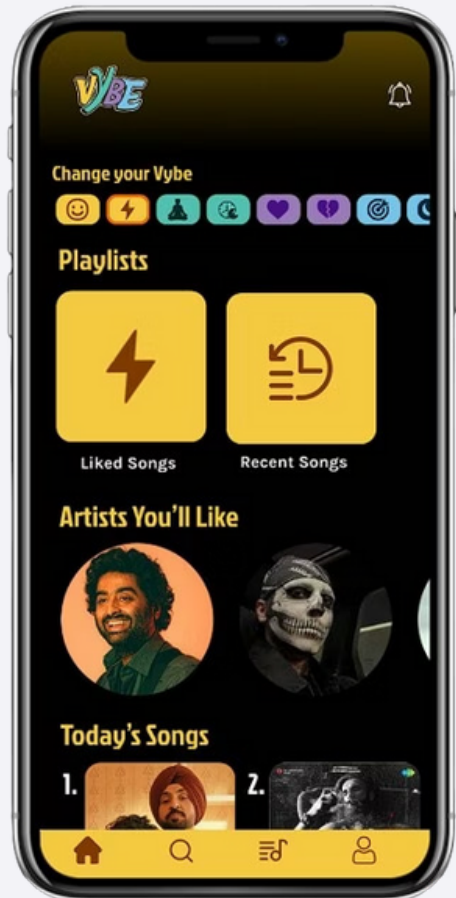

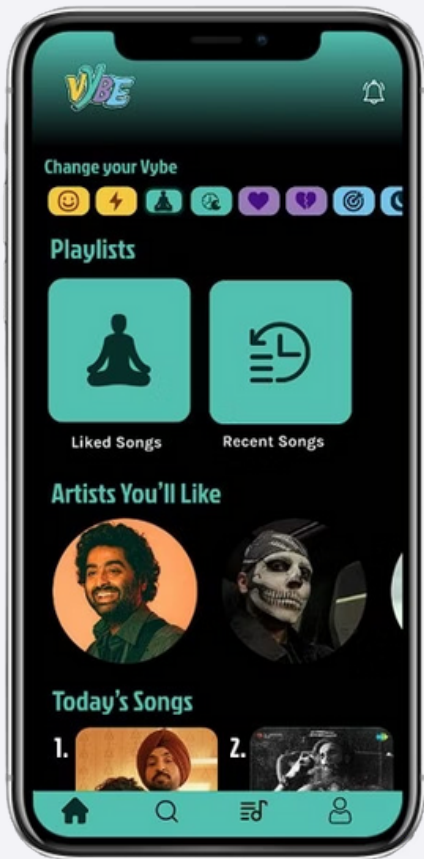

## Energetic Mood

Vibrant hues and high-tempo music selections.

## Calm Mood

Soothing tones and tranquil audio experiences.

The home screen maintains a consistent structural layout while adjusting visual elements like color schemes and recommended playlists to match the selected mood, ensuring both familiarity and freshness.

# Efficient Search & Discovery

Beyond mood-based selection, VYBE provide robust search functionalities for targeted music exploration.

## Genre Filters

Filter by classic and contemporary genres.

## Mood-Enhanced Search

Further refine searches using your active mood.

## Trending & Popular

Easily discover what's currently hot and new.

# Your Curated Playlists

Manage your favorite tracks and discover new ones within a clean, organized playlist interface.

---

01

## Liked Songs

Quick access to all your cherished tracks.

---

02

## Recent Plays

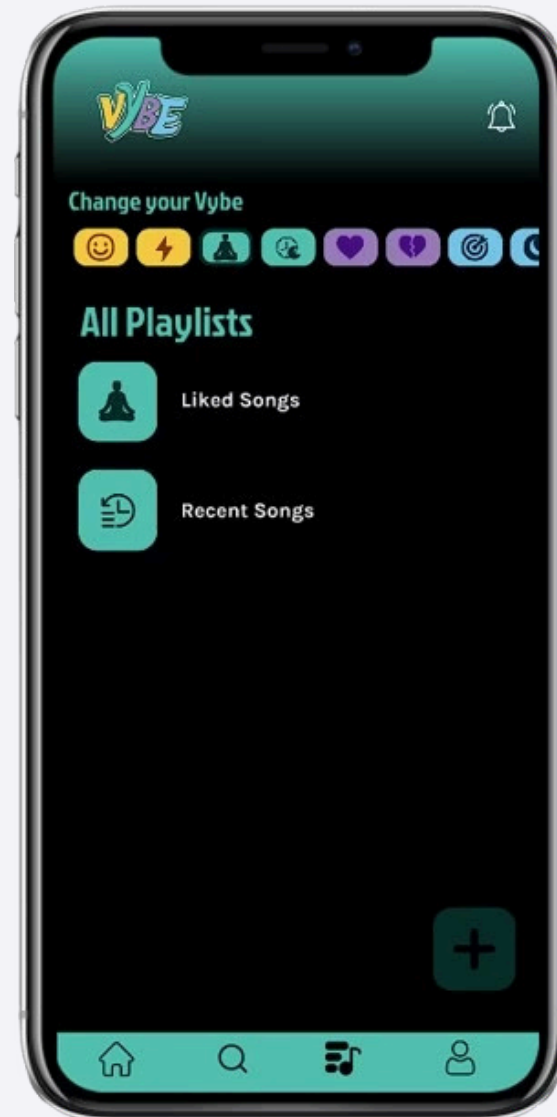

A history of your last listened songs for easy recall.

---

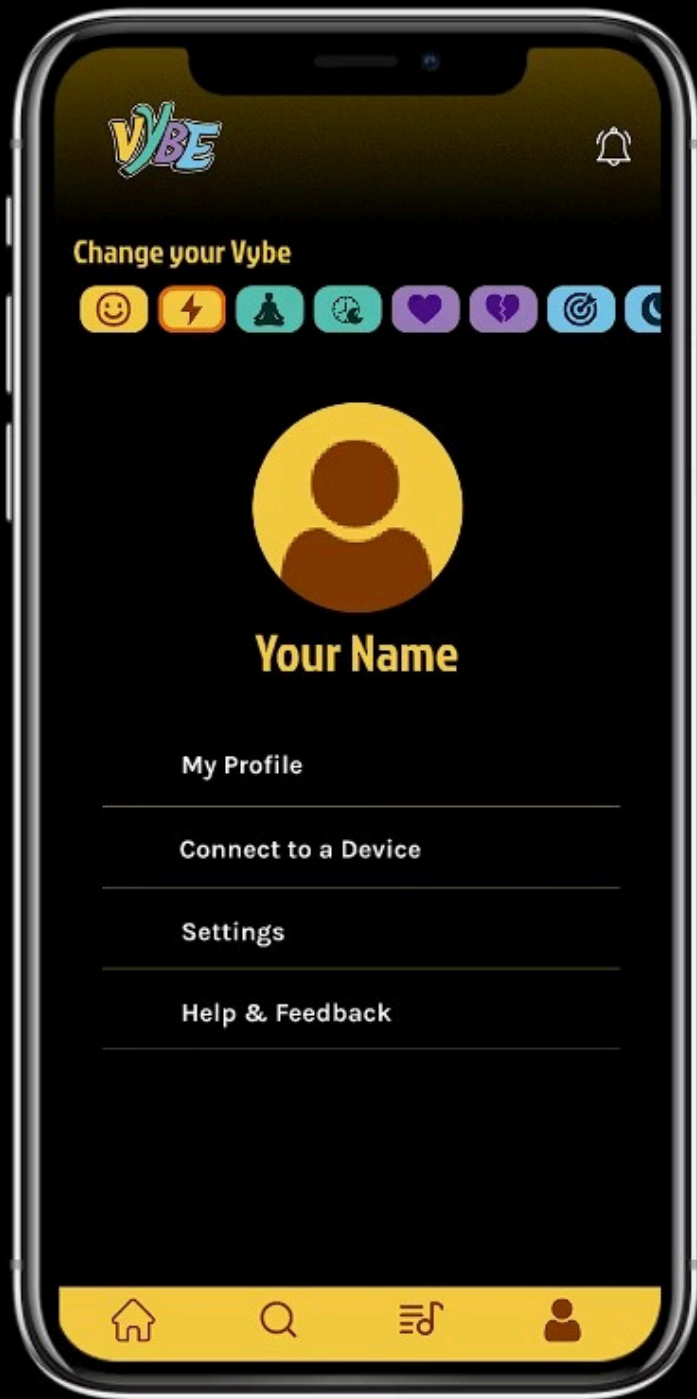

03

## Curated Collections

Explore playlists tailored by mood, genre, or activity.

## SETTINGS & CONTROL

# User Profile: Tailoring Your Experience

The user profile screen provides comprehensive control over account details and app settings, ensuring a personalized and seamless experience.

## Account Details

Manage your personal information and subscription status.

## Device Connection

Connect and manage all your playback devices.

## App Settings

Customize notification preferences, audio quality, and more.

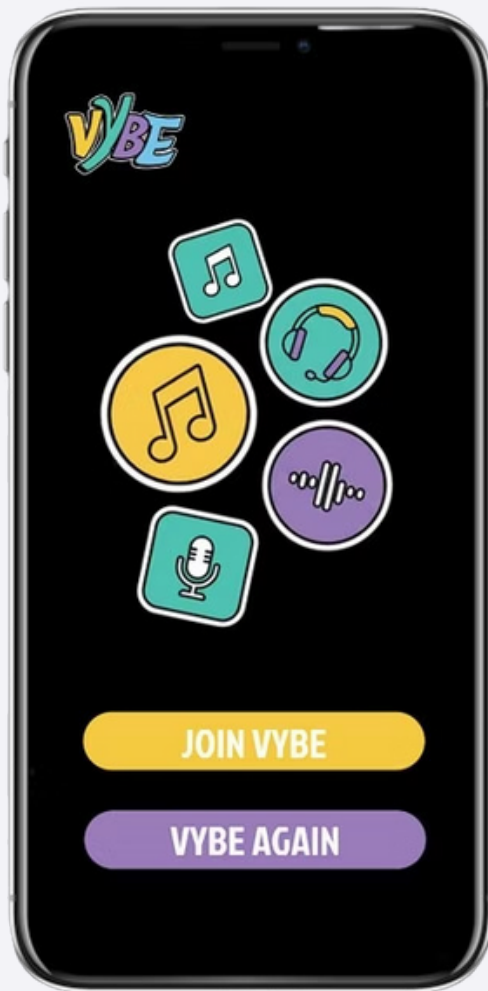

## Feedback & Support

Easily provide feedback or seek assistance.

# Seamless Login & Sign-Up Flow

We've designed a straight forward and secure authentication process to get users into their personalized music world quickly.

## Quick Sign-Up

Effortless account creation with minimal steps.

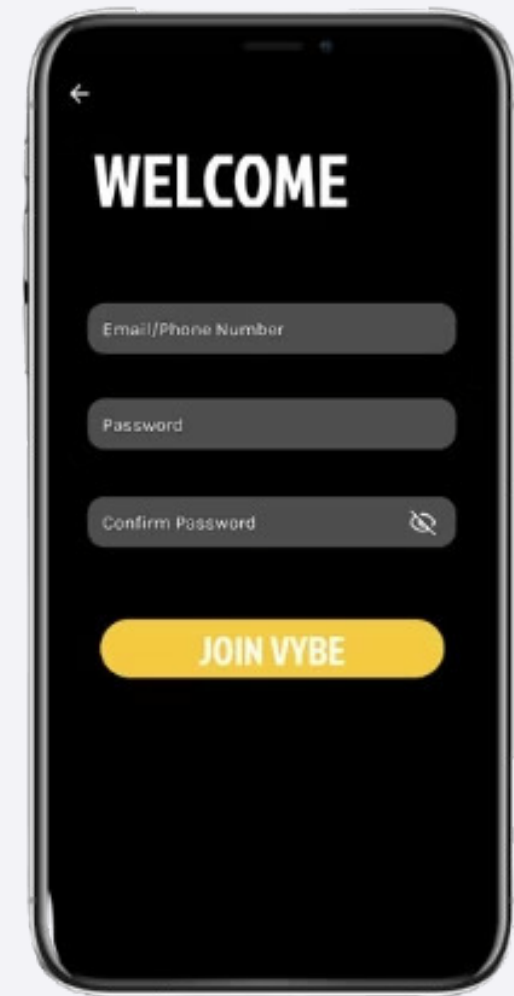

## Secure Login

Access your account securely with standard credentials.

## OTP Verification

Enhanced security and convenience with one-time passcodes.

# VYBE: Harmonizing Your World

VYBE reimagines music streaming, moving beyond traditional methods to connect users with the perfect soundtrack for every mood. We deliver a personalized, intuitive, and emotionally resonant experience that truly understands you.

## Mood-First Discovery

Effortlessly find music that perfectly matches your current emotional state.

## Dynamic Personalization

An interface that visually and audibly adapts to your chosen vibe.

## Seamless Experience

Intuitive design and robust features for effortless interaction and control.

## Future of Sound

Revolutionizing how you connect with music on a deeper, emotional level.

Join us in shaping the future of music listening, where every note resonates with your inner world.
